

One of our car show sponsors, Wild Pony Motorsports is having a cruise that we were invited to go on. The cruise is approximately 43 miles, up Bouquet Canyon, through Copper Canyon, down through the poppies fields, up to Lake Hughes and back around through Castaic Lake, all in the Santa Clarita valley. We have not yet determined the starting point, but will probably be in Canyon Country @ their shop. I will get the parameters put together. The date is April 19th, which works well with our schedule.
